WHOLE EARTH INSTITUTE

PRESENTS

CYBERTHON

A 24-hour Adventure in Virtual Reality

10-2-90

Peggy,

Here is info re: Cyberthon. I hope it orients you.

I am delighted you can attend and hope that you find the event compelling enough to write it up for your readers!

So that we don't get in hot water with our colleagues, please be sure not to tell anyone that Point Foundation is sponsoring your attendance. (You happen to be one of two such) If other press people to learn this, they might miss the subtlety that we (Point) indeed are paying Cyberthon for your ticket, and might think you're getting in free while other press has to pay the full fare.

I look forward to meeting you!

Sincerely,
Kelly Teevan

CYBERTHON

A 24-hour Adventure in Virtual Reality

Andy,

We hope you can come to the Friday evening event.

I'm enclosing material we've sent to guests, including directions.

To save us possible, though unlikely, problems, please note the following two points.

1 - We want to avoid advance publicity (to keep down the gate-crashing aspect), but I don't suspect you'd run something as soon as Sat, Oct 6.

2 - Because all press attending the event (Sat-Sun) has paid to attend, we would ask that you not let people there Friday know that we're inviting you without a paid ticket.

Let me know if either of those is a problem. Photos will be available from a pool photographer.

Thanks!

Sincerely,
Kelly Teevan
